

Dear Boards of NRR and SVERAK,
Dear Anne and Eva,
Dear all,

After receipt of your below, joint request for an exception, the board decided to ask the Show Commission (SC) for a recommendation. The SC reacted very quickly, for which we are grateful, and we received a detailed recommendation, which we attach to this email for your information.

The SC recommended us not to grant the exception asked for and in all fairness, we can understand their opinion and arguments used.

The board then had a lengthy discussion, considering that your request was limited to NRR and SVERAK and in duration, until 31.12.2023 and not a general change of rules, unlimited in time and for all Members.

The board also feels that if we can help our Members, all of our Members, large or small by granting justified exceptions, we will do so.

In conclusion, the board decided to grant you the exception you asked for until the 31.12.2023 and we hope this will be helpful for NRR and SVERAK.

Kind regards, Eric
BCC: Board, SC
